## Charlo, Montana

Driving to Kalispell, Montana, the Holy Spirit of the LORD God Almighty told me to stop at a Native American Indian museum and gift shop called Ninepipes Museum of Early Montana, <http://www.ninepipesmuseum.org/>. I went inside and they have some the most beautiful Native American Indian portraits, paintings, and items. I walked and look inside the Ninepipes Museum of Early Montana, and I saw books, clothing, jewelry and western artifacts such as horse saddles, and even what seemed as 12 feet black bear that was quite amazing. I met the husband and wife team owners of the museum and with most graciousness they showed and informed me of their museum and the Montana surroundings.

Continuing to look at the many Native American Indian items in the establishment, the Holy Spirit of the LORD God Almighty told me to ask the owners if I may donate one copy of the book Journey of Poems – A Still Small Voice to the museum. I explained to them I am from Native American descendant from Cherokee and Creek and I would like to donate my first book to them and the museum. “Yes”, he responded and I walked outside to the car and got one book copy and walked back and gave it in hand to him. I thanked him for allowing me to donate the book to the museum.

As I gave my book to the museum owner, another gentleman who worked in the museum standing there gave me a portrait painting from Charlie Russell. “Do you know who Charlie Russell is?” he asked me. I said and asked, “No, I do not, who he is?” Surprised that I did not know Charlie Russell, <http://www.cmussell.org/meet> he told me, “He is one of the most famous artisan who painted and sketched Native American Indians.” He shown the Charlie Russell sketches in the museum and told me much about his background and life. From [www.cmussell.org](http://www.cmussell.org): “Artist Charles M. Russell captured the landscapes, the spirit, and the culture of the West during the late 1800s and early 1900s.”

## Lakeside, Montana

Glory to the MOST HIGH GOD, the God of Abraham, Isaac, and Jacob, the God who created the heavens, earth, seas, and universe for there is nothing too hard for Him and all power and situations and issues are in His Hand.

As the LORD God Almighty had me leaving Missoula, Montana driving toward Kalispell, Montana, I stopped at a convenience store to purchase some juice and use their facilities. As I walked inside this store, a man was standing near the door with a cup of coffee in his hand drinking it and I did not take much notice of this because it seem quite normal. Asking the clerk behind the counter, “Where are your restrooms?”, and he pointed in its directions and I walked away toward the ladies restroom. Upon coming out of the restrooms, I walked over to see what type of juices are in the cooler, and I took a juice smoothie and a pack of trail mix nuts to the counter to pay. “This is my first time in Montana”, I stated to the person at the register and he said, “No one is from Montana lives here anymore, I am from California.” Then a gentleman behind me said proudly, “I am from Montana, and I live here!” I raised my hand to give the Montana native a high-five in the air and he lifted his hand to give one back to me. “You are a native of Montana that is very rare!” stated the man behind the counter checking out everyone for his or her purchases.

I then walked toward the door to leave and the same man I notice upon entering the store asked me, “Did you play basketball?” and I responded, “Yes, basketball, tennis, badminton, softball...” “Yes, I thought you did, Phil Jackson lives next to me and he is taller than me and I look up to him.”

I want to stop here to say I did not have any plans to do any of this, but the LORD God Almighty had planned it all along. The LORD God Almighty had this man inside this convenience store, standing in the proper place, at the right moment, the right time, and the LORD God Almighty had me to stopped and come inside this particular store at the right moment and right time to walked in to speak to him about the LORD and the Word of God. The LORD God Almighty is so loving, so merciful, and so gracious to use me, a piece of clay, a servant clay vessel made from His Hands to be used by Him for His glory.

I told him this was my first time in Montana, and he asked me why I was here in Montana. I told him I was evangelizing the Word of God around Montana. As I spoke with Bob, he then asked me how I was doing this, "Are you just getting out and walking around the towns?" "Yes, and sometimes I come inside convenience stores like this one to give or leave free Holy Bibles for customers. He was interested to know if people were listening to the Word of God and taking the free Holy Bibles. I answered, "Yes and no, many people either already have a Holy Bible, or some people say "Yes" and some people say "No", and I do not force a Holy Bible on to a person." I continued to say what the LORD God Almighty put inside my heart and mind to say to Bob, "Some people are not ready to accept the LORD God and serve Him." Bob agreed with me and confessed to me that he was not ready to accept the LORD God. As we talked about different religions, he told me that his mother was a Christian woman.

Steve the convenience store clerk behind the counter said, "I have been talking to Bob about the LORD for a long time, he needs converting." Bob told me that Steve was from a Mormon background and I responded that I am familiar with Joseph Smith who started the Mormon religion. Then the LORD God Almighty told me to say, "It is not about denominations, it is about our heart condition." As I continue to speak what the LORD God Almighty to say to Bob, "God does not look at our religion affiliation, but He looks at our heart, to humbly obey and serve Him." Giving a testimony to Bob I said, "I used to think if I joined this church or that church or religious organization that I would be saved, but the LORD God Almighty told me it is a relationship with Him, loving Him and obeying Him and His word is what He desires and that is going to save me." Then Steve began talking to us again and Bob said that he had to leave going to work, I gave Bob my business card to go online to see what the LORD God Almighty is doing, and we said good-byes and Bob walked out the door.

Soon as Bob walked out the door, Steve said to me, "I have been trying to help him come to the LORD God for a long time, I am glad you spoke with him." "The LORD God Almighty sent me in here just for that reason", I replied to Steve. Then the Holy Spirit of the LORD God Almighty told me to ask Steve, "May I leave free Holy Bibles for your customers?" Steve answered, "Yes, bring them in and I will leave them at the tables for people to take with them!" At another entrance or the convenience store were tables and booths inside and people could sit and eat or rest. "Thank you I will go to my car and get the Holy Bibles", I said in excitement.

As I walked to the car to get the Holy Bibles, I was praising the thanking the LORD God Almighty for opening this door of opportunity to leave free Holy Bibles in this store. "LORD, how many Holy Bibles do You want me to leave at this store?" as I asked my Heavenly Father. The Holy Spirit told me to give Steve four Holy Bibles to leave free for customers. I walked back into the convenience store and Steve was waiting for me with a black marker to write on the free Holy Bible Gospel Packets the word, "FREE" on top so people knew they were free for their taking. GOD is so good, Hallelujah!!!

I thanked Steve for allowing me to leave the free Holy Bible Gospel Packets and again he thanked me for speaking with his friend Bob and I told Steve, "God Bless you", and I walked to the car and continued driving to Kalispell, Montana.
