Helena, Montana

Thanking the LORD God Almighty for waking me up today and protecting me through the night while I was sleeping.

At breakfast I met Larry and Cheryl and learned they rode a motorcycle from their home Oregon to Montana to see Yellowstone and leaving today returning home.

As the LORD God Almighty directed my steps to drive to Helena, I prayerfully asked Him to show me where to go and not go to give away free Holy Bibles.

I was driving around Helena, and the Holy Spirit of the LORD directed me to the hospital, St. Peter's Hospital. I stopped and parked the vehicle and I pray for the LORD to guide my tongue, words to speak, and mannerisms. Entering the East campus, I greeted a pleasant woman named Mary at the desk. I asked where the public restrooms and she gave me directions to the facilities. I then told Mary my name and why I was there and asked her, "May I leave free Holy Bibles here in the hospital for patients and guests?" She responded, "I don't know, but I will need to call someone; when you return from the restroom, I will have the answer for you."

Walking from the restroom toward Mary and her desk, there was another woman standing next to her that the Holy Spirit gave me discernment of her having a wrong spirit. I asked Mary, "Did you find out about leaving free Holy Bibles in the hospital?" "Yes, I spoke with someone, Peggy, and she told me that we could not allow you to do that", said Mary. The woman standing next to her reinforced Mary's statement by shaking her head in agreement and saying Holy Bibles are not to be left here. Surprised, I responded, "People in the hospital need the Word of God." I asked Mary, "Try going to the hotels (to give away free Holy Bible)", Mary told me. "That is a good idea", I responded. I asked Mary, "I cannot leave any Holy Bibles anywhere on the hospital property?" "No", Mary told me. "Would you like a free Holy Bible and Christian newsletter *Days of Noah*?" "Yes", Mary responded, and I also gave her my business card to give to Peggy. I said, "Thank you and God Bless you" to both ladies and walked away.

Walking over to the building across from the East campus side of St. Peter's Hospital, I noticed inside of it was a pharmacy. I introduced myself to the Pharmacist and asked her, "May I leave free Holy Bibles for your customers?" "I don't know about that, I would need to call the community director to find out..." the Pharmacist responded. Explaining to the Pharmacist, "I walked over to the East campus across the way and spoke with Mary and she called Peggy and Peggy told Mary that I could not leave free Holy Bibles over there." Then the pharmacist quickly spoke in a matter-of-fact way said, "Well, if they told you that, then we too must abide by those rules." I asked the Pharmacist, "Would you like a free Holy Bible?" With confidence she stated to me, "No, I already have a Bible!" I told her, "God Bless you and have a great day."

Walking back to my automobile, I was amazed of a hospital not allowing free Holy Bibles for patients or visitors to read. I prayed for the hospital and all the staff for God to have mercy on their souls and hopefully in the future the no-Holy-Bibles policy will change.

After that experience, the LORD showed me that He is truly a Good God! The LORD had me to drive to other places in Helena where people allow Holy Bibles to be given to others, left on tables, or the person took the Holy Bible in hand.
