

Thursday, 08 July 2010

What a blessing from the LORD God Almighty! A woman and I spoke together about the LORD God Almighty and His goodness. I walked away to check out of the hotel and she walked behind me and told me she wanted to give me a donation toward the Evangelism Missionary Journey 2010! I thanked her and said, "God Bless you!"

What is so amazing about her donation is it is the same amount I donated to the homeless woman in Tennessee.

God is Good All the Time!

Friday, 09 July 2010

I was standing outside a major bookstore in Bozeman, Montana waiting for it to open for business. I started to walk away and visit another bookstore when two men walked up as the bookstore manager unlocked the doors. We all who were waiting for the store to open for business walked and the two men said I look like First Lady Michelle Obama. I said, "Yes, many people tell me that a lot."

Inside the store, one of the men named Steve asked me what I do. I said I am an evangelist missionary traveling around the USA spreading the good news of the Gospel. The other gentleman, Mike, told me he just recently repented of his sins and becoming born again by the Spirit of the LORD.

The two men usually meet there for Bible fellowship and they invited me to attend. Mike offered to buy me something to drink and I ordered a hot tea and he also ordered a hot tea. Mike, Steve and I walked in the back of the bookstore and we three sat around the table surrounded by shelves of books.

I told Mike that there is something the LORD God Almighty wanted me to reveal to him about Montana. I shared with Mike and later Steve about my testimony of the LORD giving me concerning Montana.

Steve asked me personal questions like where I was born, what was my education background, and even asked me about the racism from the Jim Crow laws day, which I told him I was not born during that time and I only knew what I saw on television and history books and what my family told me.

Mike spoke more about the things of God and he and I connected in the Holy Spirit of the LORD God Almighty. Steve keeps his cell telephone on the table and it kept ringing and he eventually had to answer it a couple of times. Later, Steve had to leave to pick up his "sick computer" after it had been repaired.

Mike and I spoke more about the LORD, the Holy Bible, and relationship with the LORD. He wanted to show me the Salvation Army in town for me to get Free Holy to donate to people. As I followed him in my automobile, he stopped by a friend's house (the one who prayed for him to accept Christ / Messiah) and picked him up and in his truck and onward to the Salvation Army. Mike wanted me to share the same news I told him with his friend, and I did. Standing outside on the sidewalk across from the Salvation Army, the Holy Spirit gave me the words to speak and not to speak. Then I gave both Mike and his friend a *Days of Noah* newsletter, and we walked across the street into the Salvation Army. Showing me the Holy Bibles, most had been used by other people and it is good for ones who cannot afford a better one at the time. I told them the LORD has blessed me to purchase new Holy Bibles to send to people in the USA if he or she cannot afford or does not have a Holy Bible.

Mike called his congregation group leader Kurt and Kurt called me to meet with the group at his house to tell them the news the LORD gave me about Montana. The Holy Spirit of God told me not to meet him at his home because I do not know him or his friends. He told me he has been in the body for many years, lived in Bozeman for 30 years, and that he knows everybody and everything that goes on in Bozemen. Again, I told him, the Holy Spirit has directed me to meet in a neutral place, like Mike suggested earlier in our meeting this morning. I also said to Kurt it will be a blessing to ones in the bookstore to hear ones speaking about the LORD God and His goodness, and in 2 Corinthians chapter 3 says we are a walking epistle for ones to see Christ / Messiah in us of the saving of souls.

So tonight at 7:15pm (local time), Kurt along with Mike and other residents of Bozeman agreed to meet me at the same bookstore Mike and Steve had “accidentally” met this morning. I pray to the LORD God Almighty that His anointing, power, protection, hands, strength, wisdom, grace, mercy, love, kindness, angels, LORD of Hosts, and all that I need to speak what the LORD God wants me to speak to this group of people for His glory, honor, and praise, in the name above all names, Jesus Christ / Yeshua Messiah, Amen.
