This is a word of warning from the Most High One, Yahuah, El Gibbor, El Elyon, El Shaddai, Creator and King of the universe.

Last night, Adonai Elohim sent a dream to me. This is the dream:

I was at this type of beach resort along with other people standing and lying around on the beach. I looked up, and a huge large wall of water several feet in the sky came and crashed upon all of the ones on the beach. I held my breath and swam around in the water along with others in the water with me. Then the next part of the dream was I and few other people were washed upon the shore, and I said, "That's how it happened."

End of dream.

The Most High One Master King Creator of the universe El Elyon, El Shaddai El Gibbor Yahuah Yahweh is going to cause a tsunami upon this earth, whether financial and/or physical, only Adonai Elohim knows. We need to become prepared for both types of tsunami, financial and physical.
